Please note, those scores marked with a * were the results where a discrepancy was found. Where you have claimed a score less than the actual score that is the result that has been used. Where the claimed score is more than the actual score shot then the score has been lowered to the correct score.

The amended scores, either up or down have not affected any of the medal placements.

Many thanks to all those that attended and we look forward to seeing you all in 2019
